#### **Executive Order No. 03-04**

WHEREAS, K.S.A. 75-4608 provides for the Secretary of Administration to "adopt rules and regulations necessary for the efficient and economical operation, maintenance, repair, and replacement of motor vehicles in the central motor pool or any branch thereof and for all other vehicles owned by the state or any state agency"; and

WHEREAS, as a matter of public policy, commuting by state officers and employees in state-owned or state-operated vehicles is prohibited by Kansas administrative regulations, except under certain conditions specified by regulation; and

WHEREAS, the Department of Administration conducted audits of several state agencies related to commuting by state officials and employees in state vehicles, followed by a commuting survey that was sent to all state agencies; and

WHEREAS, the audit and survey revealed considerable variation and inconsistency between state agencies in their interpretation and application of regulations regarding commuting in state vehicles, including a number of instances of commuting that appeared to result in an inefficient use of state resources; and

WHEREAS, based on the results of the audit and survey, it is estimated that state employees drive state vehicles approximately 2.0 million miles per year in commuting between their residence and official workstation, resulting in a cost to state agencies of over \$596,000; and

WHEREAS, commuting in state vehicles is not appropriately considered an employee benefit, but should be strictly limited to those rare instances in which there is a clearly demonstrated, legitimate business need and there is no cost effective alternative, as determined by the Secretary of Administration; and

WHEREAS, a number of other states and governmental units have realized savings after reviewing and limiting commuting by employees in government vehicles;

NOW THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby direct the head of each state agency identified below to take the following actions:

1. The Secretary of Administration shall maximize the efficient and economical operation of all state-owned and state-leased vehicles by amending the applicable Kansas administration regulation governing commuting in a state vehicle to further restrict such travel. The regulation shall prohibit all commuting in state-owned or state-leased vehicles except under limited circumstances identified in the regulation, which may include the following:

a. The vehicle is marked as a law enforcement vehicle and is used by an employee certified as a law enforcement officer under the provisions of K.S.A. 74-5601 et seq.

b. The vehicle is used to commute by an employee who is determined by the secretary of administration to be required to respond to reoccurring public safety emergencies under specified circumstances that make commuting in a state vehicle cost effective.

c. The vehicle is assigned to the employee on a trip basis only and driving the vehicle to the employee's residence will not increase the total one-way trip mileage between the official workstation and the destination by more than 10 miles.

d. The vehicle is assigned for use in the state vanpool

program under K.S.A. 75-46a02 et seq.

e. The vehicle is used to transport the governor or other elected official when the superintendent of the Kansas highway patrol determines using the state vehicle is a necessary security measure.

2. Effective April 1, 2003 and continuing until amendment of the Kansas administrative regulation governing commuting, the head of each executive branch state agency under the jurisdiction of the Governor shall maximize the efficient and economical operation of state-owned and state-leased vehicles by prohibiting commuting in state vehicles by employees of that agency except under the circumstances identified in paragraph 1 above.

This document shall be filed with the Secretary of State as Executive Order No. 03-04 and shall become effective immediately.

#### **Request for Comments**

The Kansas Department of Health and Environment has reviewed an application from Waste Connections of Kansas, Inc. to establish and operate a new municipal solid waste landfill known as Plumb Thicket Landfill. The proposed landfill site is located in the West Half of Section 3 and the East Half of Section 4, Township 31 South, Range 6 West in Harper County. The proposed facility access will be from Highway 2 at Runnymede, north approximately 1 mile on N.E. 60th Ave. and west approximately 2 miles on N.E. 150th Road. The proposed landfill will cover approximately 229 acres on the 958-acre property, which is currently undeveloped. The proposed landfill is designed with approximately 44 million cubic yards of capacity for municipal solid waste and daily/intermediate cover materials, and the period of active landfill operation is projected to be approximately 63 years. The bottom of the landfill is proposed at elevations ranging from approximately 1,430 feet to 1,530 feet, with a maximum excavated depth of approximately 70 feet below the existing ground surface. The highest final landfill elevation (including the final cover) is proposed at elevation 1,700 feet, with a maximum height of approximately 200 feet above the existing ground surface. Wetlands and a statelisted threatened/federal-listed candidate species, the Arkansas darter, exist on parts of the 958-acre property. Approximately 0.3 acres of isolated wetlands will be lost as a result of the proposed landfill, and this impact will be offset by improvements to other wetlands on the property collectively known as the Freeman Canyon drainage system. The existing Arkansas darter presence and habitat, which is located within the Freeman Canyon drainage system, will not be impacted by the landfill development.

Harper County has certified that the application described herein is consistent with local land use restrictions/zoning, and that the application is consistent with the Gyp Hills Regional Solid Waste Management Plan.

KDHE has reviewed the application and found it to be in conformance with the state solid waste statutes and regulations.

KDHE is providing public notice of its intent to issue a permit to Waste Connections for the proposed landfill described herein. A copy of the administrative record, which includes the permit application, engineering drawings, draft permit and other information with respect to this permit action, will be available for public review February 24-April 18, during normal business hours, at the following locations:

Kansas Department of Health and Environment Bureau of Waste Management 1000 S.W. Jackson, Suite 320 Topeka, 66612-1366 Contact: Paul Graves (785) 296-1596

Harper County Clerk's Office Harper County Courthouse 201 N. Jennings Anthony, 67003 Contact: Cheryl Adelhardt (620) 842-5555

Anyone wishing to comment on the proposed facility should submit written statements postmarked not later than April 18 to Paul Graves of KDHE (at the address listed above). Written comments on this proposed facility that have already been received by the Bureau of Waste Management during 2002 and 2003 prior to the public comment period also will be considered. In addition, an informational meeting and public hearing will be held in conjunction with the public comment period. The informational meeting will be at 6 p.m. Wednesday, April 2, in the auditorium of Chaparral High School, 467 N. State Road 14 (Highway 2), Anthony. The public is invited to arrive after 5 p.m. to view the site plans if desired. At the informational meeting, KDHE staff and invited panelists will be present to explain the site's hydrogeology and proposed engineering design, and respond to questions from interested individuals regarding the proposed landfill. The public hearing will be at 6 p.m. Thursday, April 3, in the Chaparral High School auditorium. Again, the public may arrive after 5 p.m. to view the site plans if desired. The public hearing will provide a forum for individuals to make formal comments, which will be recorded by KDHE. KDHE will subsequently issue written responses to all formal comments, including written comments received during 2002 and 2003 through the end of the public comment period and verbal comments recorded during the public hearing.

After consideration of all formal comments as described above, KDHE will make a final decision on whether to issue the permit. Notice of the decision will be given to the applicant, to anyone who submitted formal comments, and to those who requested notice of the final permit decision.

Frito-Lay, Inc. has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Frito-Lay, Inc. owns a facility that produces potato, corn and specialty snacks located at 4236 Kirklawn Ave., Topeka.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the Shawnee County Health Agency, 1615 W. 8th, Topeka. The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this (continued)

notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. #### **Request for Comments**

The Kansas Department of Health and Environment is announcing its intent to issue an air quality construction permit to the Goodyear Tire & Rubber Company (Goodyear) for usage of a coupling agent used in the rubber mixing portion of the tire manufacturing facility. The facility is located at 2000 N.W. Highway 24, Topeka.

The proposed permit is to be issued in accordance with the provisions of K.A.R. 28-19-350, prevention of significant deterioration (PSD), which adopt the federal standards, procedures and requirements of 40 CFR 52.21 by reference. These air quality regulations apply to major stationary emission sources located in areas designated as "attainment" under the federal Clean Air Act (CAA). Attainment areas are areas where the air quality meets or exceeds the national ambient air quality standards (NAAQS).

The PSD regulations require evaluation of emission reduction techniques to identify the best available control technology (BACT) for each pollutant for which the emission rate exceeds the PSD significant level. The purpose of BACT is to effect the maximum degree of reduction achievable, taking into account energy, environmental and economic impacts for each pollutant under review. Evaluation of the estimated emissions for the use of the coupling agent indicates that the emission rate of volatile organic compounds exceeds the significance levels. Goodyear conducted the required BACT analyses. The department has reviewed Goodyear's BACT analyses and concurs with its findings.

The PSD regulations also require an evaluation of the impacts, if any, that emissions from the proposed modifications may have on the ambient air quality, visibility, vegetation and soils. Goodyear has conducted the required analyses in accordance with methods approved by the U.S. Environmental Protection Agency. The results of the analyses conclude that there should be no significant impacts on the ambient air quality, visibility, local vegetation or soils.

A public comment period has been established until March 24 to allow citizens the opportunity to express any concerns or comments they may have about this permitting action. All comments should be submitted in writing to Ralph E. Walden, Air Permit Section Chief, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612. A public hearing may be requested on this permitting action. The request for a public hearing should be submitted in writing and should identify the reasons why a public hearing is being requested.

A copy of the proposed permit, the permit application and the information relied upon during the permit application review process is available for public review during normal business hours (8 a.m. to 5 p.m.) at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the Shawnee County Health Agency, 1615 W. 8th, Topeka. Questions about the draft permit should be directed to Ralph Walden at (785) 296-

1583 or to David Peter at (785) 296-1615. To review the proposed permit and supporting documentation, or to obtain copies, contact Connie Carreno, (785) 296-6422, at the KDHE central office; or Ed Kalas, (785) 368-2059, at the Shawnee County Health Agency. #### Article 6.—MEDICAL ASSISTANCE PROGRAM— CLIENTS' ELIGIBILITY FOR PARTICIPATION

- **30-6-106.** General requirements for consideration of resources, including real property, personal property, and income. (a) For purposes of determining eligibility for assistance, legal title shall determine ownership. In the absence of legal title, possession shall determine ownership.
- (b) Resources, to be real, shall be of a nature that the value can be defined and measured. The objective measures set forth in paragraphs (1) and (2) of this subsection shall establish the resources' value.
- (1) Real property. The value of real property shall be initially determined by the latest uniform statewide appraisal value of the property, which shall be adjusted to reflect current market value. If the property has not been appraised or if the market value as determined above is not satisfactory to the applicant, recipient, or agency, an estimate or appraisal of the value of the property shall be obtained from a disinterested real estate broker. The cost of obtaining an estimate or appraisal shall be borne by the agency.

- (2) Personal property. The market value of personal property shall be initially determined using a reputable trade publication. If a publication is not available or if there is a difference of opinion regarding the value of the property between the agency and the individual, an estimate from a reputable dealer shall be used. The cost of obtaining an estimate or appraisal shall be borne by the agency.
- (c) (1) Resources shall be considered available both when the resources are actually available and when the applicant or recipient has the legal ability to make the resources available. A resource shall be considered unavailable when there is a legal impediment that precludes the disposal of the resource. The applicant or recipient shall pursue reasonable steps to overcome the legal impediment unless it is determined that the cost of pursuing legal action would exceed the resource value of the property or that it is unlikely the applicant or recipient would succeed in the legal action.
- (2) For SSI, real property shall be considered unavailable if the property cannot be sold for one of the following reasons:
- (A) The property is jointly owned, and its sale would cause undue hardship because of the loss of housing for the other owner or owners.
- (B) The owner's reasonable efforts to sell the property have been unsuccessful.
- (d) The resource value of property shall be that of the applicant's or recipient's equity in the property. Unless otherwise established, the proportionate share of jointly owned real property and the full value of jointly owned personal property shall be considered available to the applicant or recipient. Resources held jointly with a non-legally responsible person may be excluded from consideration if the applicant or recipient demonstrates that all of the following conditions exist:
- (1) The applicant or recipient has no ownership interest in the resource.
- (2) The applicant or recipient has not contributed to the resource.
- (3) Any access to the resource by the applicant or recipient is limited to those duties performed while the applicant or recipient is acting as an agent for the other person.
- (e) Nonexempt resources of all persons in the assistance plan shall be considered in determining eligibility.
- (f) (1) The combined resources of husband and wife, if they are living together, shall be considered in determining the eligibility of either or both for the medical assistance program, unless otherwise prohibited by law.
- (2) A husband and wife shall be considered to be living together if they are regularly residing in the same household. Temporary absences of either the husband or the wife for education, training, working, securing medical treatment, or visiting shall not interrupt the period of time during which the couple is considered to be living together.
- (3) A husband and wife shall not be considered to be living together if they are physically separated and not maintaining a common life, or if one or both enter into an institutional living arrangement, including either a

(continued)

medicaid-approved or non-approved medical facility or a home- and community-based services care arrangement.

(A) If only one spouse enters an institutional living arrangement, the provisions of subsection (l) shall apply.

(B) If both spouses enter an institutional living arrangement, the combined resources of the husband and wife shall be considered available to both for the month

in which the institutional arrangement begins.

(g) The resources of an ineligible parent shall be considered in determining the eligibility of a minor child for the medical assistance program if the parent and child are living together. However, these resources shall not be considered for children in an institutional or home- and community-based services arrangement beginning with the month following the month the arrangement begins.

of an SSI beneficiary shall not be considered in the determination of eligibility for medical assistance of any other

person.

(i) The conversion of real and personal property from one form of resource to another shall not be considered to be income to the applicant or recipient, except for the proceeds from a contract for the sale of property.

(j) Income shall not be considered to be both income

and property in the same month.

(k) Despite subsection (e), the resources of a child whose needs are met through foster care payments shall

not be considered in determining eligibility.

(l) If one spouse enters an institutional living arrangement, the other spouse remains in the community, and an application for medical assistance is made on behalf of the institutionalized spouse, the following provisions

shall apply:

- (1) The separate income of each spouse shall not be considered to be available to the other beginning in the month the institutional arrangement begins. Unless it is otherwise established that less or more than this value is available, ½ of the income that is paid in the names of both spouses shall be considered available to each. Income that is paid in the name of either spouse, or in the name of both spouses and the name of another person or persons, shall be considered available to each spouse in proportion to the spouse's interest, unless it is otherwise established that less or more than this value is available.
- (2) (A) A monthly income allowance for the community spouse shall be deducted from the income of the institutionalized spouse in determining the amount of patient liability for persons in institutional living arrangements or in a spenddown status for persons in home- and community-based services arrangements.
- (B) The income allowance for the community spouse, when added to the income already available to that spouse, shall not exceed 150 percent of the official federal poverty income guideline for two persons plus the amount of any excess shelter allowance. "Excess shelter allowance" means the amount by which the community spouse's expenses for rent or mortgage payments, taxes and insurance for the community spouse's principal residence, plus the food stamp standard utility allowance, exceeds 30 percent of 150 percent of the federal poverty income guideline amount referred to in this paragraph.

(C) The maximum monthly income allowance that can be provided under this subsection shall be \$1,500.00. The \$1,500.00 limitation shall be increased at the beginning of each calendar year by the same percentage as the percentage increase in the consumer price index for all urban consumers between September, 1988 and the September before the calendar year involved.

(D) If a greater income allowance is provided under a court order of support or through the fair hearing process, that amount shall be used in place of the limits spec-

ified in paragraph (1)(2)(C).

(3) A monthly income allowance for each dependent family member shall be deducted from the income of the institutionalized spouse in determining the amount of patient liability for persons in institutional living arrangements or in a spenddown status for persons in home- and community-based services arrangements.

(A) "Dependent family member" means a person who is a minor or dependent child, dependent parent, or dependent sibling of either spouse and who lives with the

community spouse.

(B) The allowance for each member shall be equal to 1/3 of 150 percent of the official federal poverty income

guideline for two persons.

(C) An allowance for a dependent family member shall not be provided if the family member's gross income is in excess of 150 percent of the federal poverty income

guideline for two persons.

- (4) If the spouse is institutionalized on or after September 30, 1989, the real and personal property of both spouses shall be considered in determining the eligibility of the institutionalized spouse, based on the amount of property in excess of the community spouse property allowance as set forth in paragraph (l) (6), whether or not this allowance will be made.
- (A) If the excess property is within the allowable resource standards of K.A.R. 30-6-107, the institutionalized spouse shall be eligible.
- (B) In the month following the first month of eligibility for the institutionalized spouse, only the property of the institutionalized spouse shall be considered available in determining continuing eligibility, except for property to be transferred in accordance with paragraph (l)(6).
- (5) If the spouse was institutionalized before September 30, 1989, the real and personal property of each spouse shall be considered available to the other in the month in which the institutional arrangement began. Thereafter, the property of each spouse shall not be considered available to the other.
- (6) The institutionalized spouse may make available to the community spouse a property allowance that, when added to the property already available to the community spouse, would be equal to ½ of the total value of the property owned by both spouses at the beginning of the first period of continuous institutionalization beginning on or after September 30, 1989.
- (A) This property allowance shall not exceed \$60,000.00, and shall be no less than \$12,000.00. Both the \$12,000.00 and \$60,000.00 standards shall be increased at the beginning of each calendar year by the same percentage as the percentage increase in the consumer price in-

dex for all urban consumers between September, 1988 and the September before the calendar year involved.

(B) If a greater property allowance is provided under a court order of support or through the fair hearing process, that amount shall be used in place of the limits specified in paragraph (l)(6)(A). If a greater property allowance is required to increase the community spouse's income to the amount allowed under paragraphs (l)(2)(B) and (C) of this regulation, a fair hearing officer shall take into account the income-generating value of the current property allowance as well as the additional property allowance requested. The property provided shall be invested so that income is maximized, including through a single premium annuity, and based on the salable or market value of the property.

(7) The amount of property received by the community spouse as a result of the property allowance determined in paragraph (l)(6) shall not be considered in determining the eligibility of the institutionalized spouse, except as provided in paragraph (l)(4). If the institutionalized spouse will be eligible based upon transferring sufficient property to the community spouse to equal the amount of the property allowance, the institutionalized spouse shall be given up to 90 days from the date of application to transfer the property. Additional time may be allowed for good cause. Pending disposition of the property, the institutionalized spouse shall be eligible during this time period if all other eligibility factors are met.

(m) The resources of an alien sponsor and the sponsor's spouse shall be considered in determining eligibility for the alien. (Authorized by and implementing K.S.A. 39-708c, 39-709; effective May 1, 1981; amended, E-82-19, Oct. 21, 1981; amended May 1, 1982; amended May 1, 1983; amended May 1, 1984; amended, T-85-26, Oct. 15, 1984; amended May 1, 1985; amended May 1, 1986; amended, T-87-15, July 1, 1986; amended, T-87-20, Sept. 1, 1986; amended May 1, 1987; amended, T-88-14, July 1, 1987; amended, T-88-59, Jan. 1, 1988; amended May 1, 1988; amended, T-89-13, April 26, 1988; amended, T-30-7-1-88, July 1, 1988; amended Sept. 26, 1988; amended July 1, 1989; amended Oct. 1, 1989; amended Jan. 2, 1990; amended April 1, 1990; amended, T-30-10-1-90, Oct. 1, 1990; revoked, T-30-11-29-90, Jan. 2, 1991; amended Jan. 7, 1991; amended, T-30-12-28-90, Jan. 2, 1991; amended, T-30-3-1-91, March 1, 1991; amended May 1, 1991; amended July 1, 1991; amended, T-30-8-9-91, Aug. 30, 1991; amended Oct. 28, 1991; amended Jan. 2, 1992; amended, T-30-6-10-92, July 1, 1992; amended Oct. 1, 1992; amended Jan. 4, 1993; amended Oct. 1, 1993; amended, T-30-11-16-93, Dec. 1, 1993; amended Jan. 3, 1994; amended Feb. 6, 1995; amended Dec. 29, 1995; amended March 1, 1997; amended Oct. 1, 1997; amended March 7, 2003.)
